

A PASSPORT TO YOUR CHILD'S FUTURE

At the overnight events, you will learn how to successfully manage your child's educational program. The workshops will help you learn how to create an effective IEP or IFSP. Parent discussion groups will help you with new ideas & strategies and you will have the opportunity to learn about community service providers.

Parent Networking Conferences

Parent Networking Conferences are fun get-aways for parents only. Leave the kids at home and enjoy an educational overnight stay at a hotel. You will participate in workshops and discussion groups, gaining lots of good information and getting the support you need from other families and Families Together staff.

Family Enrichment Weekends

Family Enrichment Weekends are overnight events for families that include a child, birth through 21, who has a disability, and is still attending school. Parents attend workshops and discussion groups while the kids participate in fun, age-appropriate activities. The kids are matched with a volunteer, usually college students, to assist them throughout their day. Families must submit their application early as these events fill up quickly. Applications will be accepted on a first come, first served basis, with a preference given to families who have not yet attended an overnight event. Families will be placed on a waiting list after the first 30 applications are received.

Families may register and attend only one overnight event per school year.

Families Together & its funding agencies pay for hotel & meals for families that attend all sessions.

Families who are registered to attend an event and who fail to show up will be billed for their hotel room and meals.

2009-10 FAMILIES TOGETHER EVENT REGISTRATION FORM
